THE LAST ALGORITHMS COURSE YOU'LL NEED

OUR FIRST ALGORITHMS 🏴‍☠️ YOUR FIRST ALGORITHM

Lets implement it

To follow along i recommend using my kata typescript library

[Kata](#)

```
git clone git@github.com:ThePrimeagen/kata-machine.git
cd kata-machine
yarn install
yarn generate
vim $(yarn -s day) # or navigate to day1 folder
```

Yes this will help you by giving you a simple way to do Katas!

Ok! To the typescripts!
